Field Bulletin

Date: 11-15-00

Issue: The games Tri-Towers and 11-UP may not operate properly after exceeding 99 lifetime credits on the game.

Games affected: MAXX games with version 6.02 software are affected. The serial numbers of these games are listed below.

MAXX Elite™	MAXX Select™	MAXX Classic™	MAXX™ Upright
672328-672422	667176	687245-687284	692552
672424-672427	667254	687309	692568
674223	667256-667266	687311-687312	692583
		687315-687316	692693
		687318	692718
		687347	692720
		687352-687353	692726
		687356	692736
		687365	692739
		687370-687371	692742
		687386-687387	692748
			692753
			692781
			692809

Symptoms: After exceeding 99 lifetime credits, the card values shown in Tri-Towers and 11-UP may not be the same value read by the software.

Cause: There is a software bug in version 6.02 software.

Solution: Distributors who received games with serial numbers in the range listed above will receive a 2 CD set from Merit to correct the problem. If you have any questions, contact Merit Industries Customer Service at 215-639-4700 or 1-800-445-9353.
