Re: Tournament program 9255-30-01 revised to Rev B.

Changes to the 9255-30-01 Tournament Megaotuch program are listed below. **The program is now at Rev B.**

- Fractional coin input
A fractional credit can be erased by: a) playing a game; b) clearing books; c) touching the clear credit icon; d) touching any number icon in the Coin/Credit Screen.
- Pay without PIN (Player's).
A payout can be made without the players Personal Identification Number. After the attendant has entered their PIN to access the Player PIN screen, press the SETUP button (located behind the cashbox) and the "WINNER CONGRATULATIONS WINNER" message will appear, as though the Player PIN had been entered. Then touch "Prize Awarded" to register the payout.
- Spanish language removed from 9255-30-01
- Prize pool changed from 30% to 70% in 10% increments, to 25% to 75% in 5% increments
- Credit field now shows credits (dollars) from 4-20 (\$1 - \$5) and advances in 2 credit (\$0.50) increments
- Lifetime books changed to add **Tournament Play** (Records the total number of credits played in Tournament Mode since the last time lifetime books was cleared) and **Paid without PIN** (records the total amount paid without PIN (shown in credits)).
- Solitaire requires a score of 42,500 for free game (previous;y 40,000).
Speed bonus - Red = 10; Yellow = 20; Green = 100
- Winners Screen auto exit.
If "Call Attendant" is not touched, the screen will, after some time, automatically exit to Idle Mode.
