## FIELD BULLETIN

Date: 12-5-96

- Issue:** Benchmarkq has recalled its 32K NV RAM because the chip does not increment the date correctly for months with 31 days. See the attached recall notice for a complete explanation.
- Games affected:** Any Megatouch Tournament games that have had the date increment incorrectly after a 31-day month.
- Symptoms:** See attached Benchmarkq recall notice.
- Cause:** See attached Benchmarkq recall notice.
- Solution:** Merit will replace any faulty Benchmarkq NV RAMs with an equivalent Dallas NV RAM. Contact Merit Customer Service, at 1-800-445-9353, to order your replacement part (Merit P/N SC3778).
